

EverScope Solutions (ESS)

Disciplined Solutions. Veteran Precision. Mission-Ready Project Management.

Capabilities Statement

Company Overview

EverScope Solutions (ESS) provides project management and facilities support services focused on keeping operations efficient, compliant, and mission-ready. From HVAC oversight and facility coordination to preventive maintenance support, ESS ensures safe, sustainable, and cost-effective environments for government and private-sector clients.

We are recognized for project reliability and disciplined time management — not by rushing, but by consistently pushing work forward. Behind the scenes, ESS keeps schedules on track, tasks moving, and stakeholders aligned. Our strength lies in clear communication, consistent follow-through, and results that last beyond the contract.

Company Data

Legal Entity: BY Solutions LLC (dba EverScope Solutions)

Year Established: 2024

Business Type: SDVOSB

UEI: V1XACEAVJM15

CAGE Code: 02K54

SAM.gov Status: Active

Core Competencies

- **Facilities Operations & Support:** Oversight of facility systems, HVAC, and safety infrastructure to ensure environments remain efficient, compliant, and fully operational.
- **Preventive Maintenance Programs:** Recurring schedules and oversight that reduce downtime, extend asset life, and provide clients with ongoing confidence and compliance assurance.
- **Project Management & Scheduling:** Disciplined coordination of teams, timelines, and deliverables to keep projects moving forward without delays or misalignment.
- **Compliance Assurance:** Monitoring and documentation that ensure facilities and operations meet federal, state, and industry standards — audit-ready at every stage.
- **Operational Efficiency:** Streamlined processes that cut waste, improve communication, and allow contractors and agencies to achieve mission results with confidence.

Differentiators

- **Disciplined Time Management** – Projects move forward without stalling; we deliver steady progress until completion.
- **Clear Communication** – Transparent updates and documentation that build client trust.
- **Reliability** – Known for showing up, following through, and closing gaps others leave open.
- **Mission-Focused Results** – Solutions designed to last beyond the contract, not just check boxes.
- **Agile & Scalable** – Capable of supporting both small-scale facility tasks and complex multi-site projects.
